

Teacher Training Graduates

Reviews & Photos Album

Niamh Carey

“Great course, friendly atmosphere made it comfortable to get involved. Very thorough and professional”.

Audrey Sorohan

“I really enjoyed doing the course with the Waverley Academy. It’s been 15 years since I was in college and the teaching experience was so interactive and interesting. I would definitely recommend the Waverley Academy”.

Linda Walsh

“The Waverley Academy provides a very comprehensive teacher training programme. The monthly classroom sessions are very interactive and cover all material needed to complete assignments. The WA provides great support to students both in the classroom and through 24hr online and website access. The trainers are engaging and provide great support to students”.

Emily Byrne

“Enjoyed the course, met lovely like minded people. Liked that the course compact and completed over 6 months as I had completed a much longer course previously and didn’t want the same long course time”.

Louise Shortt Louise

“Gained confidence and environment friendly and relaxed”.

Caitriona Ryan

I thoroughly enjoyed the course. Found it very interesting. Learned so much in particular lesson plans, teaching methods. Well varied and engaging.
